Professional Summary

Frontend Developer with over **2 years and 6 months** of hands-on experience (since December 2022) building dynamic, responsive web applications and mobile apps using React.js, React Native, Next.js, and Tailwind CSS. Skilled in building scalable interfaces, integrating REST APIs, and delivering optimized codebases. Experienced in mobile-first development, real-time features, and full lifecycle UI development. Open to remote frontend opportunities.

Technical Skills

Frontend: React.js, Next.js, React Native, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

State Management: Redux, React Hooks (useState, useEffect)

Tools: Git, GitHub, VS Code, Asana

API Integration: RESTful APIs using Axios

Version C

Soft Skills: Remote collaboration, Agile understanding, Problem solving

Professional Experience

Orane Consulting Pvt. Ltd. – Frontend Developer

Dec 2022 – Present / Noida (Remote Role)

Projects:

1. MotorPool – Car Booking Mobile App

A car rental app similar to Uber/Ola with real-time tracking and fleet management.

- Developed mobile app UI in **React Native** with live tracking and booking features.
- Integrated APIs for user registration, location, ride tracking, and fuel/maintenance status.
- Built dashboard UI in React.js for admins to monitor bookings and fleet status.
- Collaborated with backend teams to test and consume secure REST APIs.

Tech Stack: React Native, React.js, JavaScript, Axios, Git

2. My Joining – HR Onboarding Management System

A paperless onboarding web application for employee documentation and verification.

- Developed user-friendly UI for employee form submissions and document uploads.
- Enabled HR/Admin access for real-time editing, verification, and approvals.
- Contributed to digitizing and automating recruitment steps.
- Improved data handling speed by ~25% using optimized form logic and Git versioning.

Tech Stack: React.js, Bootstrap, JavaScript, Git

3. ALS – Document Management System (DMS)

Tracks Sales Orders, Invoices, Purchase Orders, and container tracking.

- Designed and implemented responsive interfaces for document workflows.
- Built modular React components to handle dynamic user actions.
- Simplified large-scale data navigation for better user experience.

Tech Stack: React.js, Tailwind CSS, JavaScript, Git, Asana

Education

MCA – Master of Computer Application

Bundelkhand University, Jhansi – 2023

B.Sc. – Bachelor of Science

Swami Vivekanand Subharti University, Meerut – 2021

Intermediate (12th) – U.P. Board

2018 – 80%

High School (10th) – U.P. Board

2011 – 85%

Personal Details

Date of Birth: 14 December 1999

Languages: Hindi, English

Marital Status: Single
